

## Recombinant Human C10orf91 lysate

**Cat. No.** C10orf91-72HCL    **Lot. No.** (See product label)

### SPECIFICATION

|                            |                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------|
| <b>Product Overview</b>    | Over-expression cells lysed in RIPA buffer and lysate supplied in SDS loading buffer     |
| <b>Species</b>             | Human                                                                                    |
| <b>Source</b>              | HEK293                                                                                   |
| <b>Molecular Mass</b>      | 15402.87Da                                                                               |
| <b>Recommended Usage</b>   | WB                                                                                       |
| <b>Storage Instruction</b> | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C. |

### GENE INFORMATION

|                        |                                                               |
|------------------------|---------------------------------------------------------------|
| <b>Gene Name</b>       | C10orf91 chromosome 10 open reading frame 91 [ Homo sapiens ] |
| <b>Official Symbol</b> | C10orf91                                                      |
| <b>Synonyms</b>        | bA432J24.4; RP11-432J24.4                                     |
| <b>Gene ID</b>         | 170393                                                        |
| <b>mRNA Refseq</b>     | NM_173541.2                                                   |
