

## Recombinant Human HAUS4 lysate

**Cat. No.** HAUS4-81HCL    **Lot. No.** (See product label)

### SPECIFICATION

|                            |                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------|
| <b>Product Overview</b>    | Over-expression cells lysed in RIPA buffer and lysate supplied in SDS loading buffer     |
| <b>Species</b>             | Human                                                                                    |
| <b>Source</b>              | HEK293                                                                                   |
| <b>Molecular Mass</b>      | 42399.56Da                                                                               |
| <b>Recommended Usage</b>   | WB                                                                                       |
| <b>Storage Instruction</b> | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C. |

### GENE INFORMATION

|                        |                                                                                                                                                                                             |
|------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | HAUS4 HAUS augmin-like complex, subunit 4 [ Homo sapiens ]                                                                                                                                  |
| <b>Official Symbol</b> | HAUS4                                                                                                                                                                                       |
| <b>Synonyms</b>        | HAUS4; HAUS augmin-like complex, subunit 4; C14orf94, chromosome 14 open reading frame 94; HAUS augmin-like complex subunit 4; FLJ20424; homologous to Augmin subunits; C14orf94; FLJ40661; |
| <b>Gene ID</b>         | 54930                                                                                                                                                                                       |
