

## Recombinant Human CCDC121 lysate

Cat. No. CCDC121-152HCL    Lot. No. (See product label)

### SPECIFICATION

|                     |                                                                                          |
|---------------------|------------------------------------------------------------------------------------------|
| Product Overview    | Over-expression cells lysed in RIPA buffer and lysate supplied in SDS loading buffer     |
| Species             | Human                                                                                    |
| Source              | HEK293                                                                                   |
| Molecular Mass      | 35560.62Da                                                                               |
| Recommended Usage   | WB                                                                                       |
| Storage Instruction | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C. |

### GENE INFORMATION

|                 |                                                            |
|-----------------|------------------------------------------------------------|
| Gene Name       | CCDC121 coiled-coil domain containing 121 [ Homo sapiens ] |
| Official Symbol | CCDC121                                                    |
| Synonyms        | coiled-coil domain-containing protein 121                  |
| Gene ID         | 79635                                                      |
| mRNA Refseq     | NM_001142683                                               |
