

## Recombinant Human CCDC85B lysate

**Cat. No.** CCDC85B-161HCL    **Lot. No.** (See product label)

### SPECIFICATION

|                            |                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------|
| <b>Product Overview</b>    | Over-expression cells lysed in RIPA buffer and lysate supplied in SDS loading buffer     |
| <b>Species</b>             | Human                                                                                    |
| <b>Source</b>              | HEK293                                                                                   |
| <b>Molecular Mass</b>      | 25444.53Da                                                                               |
| <b>Recommended Usage</b>   | WB                                                                                       |
| <b>Storage Instruction</b> | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C. |

### GENE INFORMATION

|                        |                                                                                                                                                                                                                         |
|------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b>       | CCDC85B coiled-coil domain containing 85B [ Homo sapiens ]                                                                                                                                                              |
| <b>Official Symbol</b> | CCDC85B                                                                                                                                                                                                                 |
| <b>Synonyms</b>        | CCDC85B; coiled-coil domain containing 85B; coiled-coil domain-containing protein 85B; DIPA; hepatitis delta antigen interacting protein A; delta-interacting protein A; hepatitis delta antigen-interacting protein A; |
| <b>Gene ID</b>         | 11007                                                                                                                                                                                                                   |
