

## Recombinant Human FBXO46 lysate

**Cat. No.** FBXO46-274HCL    **Lot. No.** (See product label)

### SPECIFICATION

|                            |                                                                                          |
|----------------------------|------------------------------------------------------------------------------------------|
| <b>Product Overview</b>    | Over-expression cells lysed in RIPA buffer and lysate supplied in SDS loading buffer     |
| <b>Species</b>             | Human                                                                                    |
| <b>Source</b>              | HEK293                                                                                   |
| <b>Molecular Mass</b>      | 53452.09Da                                                                               |
| <b>Recommended Usage</b>   | WB                                                                                       |
| <b>Storage Instruction</b> | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C. |

### GENE INFORMATION

|                        |                                                 |
|------------------------|-------------------------------------------------|
| <b>Gene Name</b>       | FBXO46 F-box protein 46 [ Homo sapiens ]        |
| <b>Official Symbol</b> | FBXO46                                          |
| <b>Synonyms</b>        | Fbx46; FBXO34L; 20D7-FC4; F-box only protein 46 |
| <b>Gene ID</b>         | 23403                                           |
