

## Recombinant Human ZNF829 lysate

Cat. No. ZNF829-756HCL    Lot. No. (See product label)

### SPECIFICATION

|                     |                                                                                          |
|---------------------|------------------------------------------------------------------------------------------|
| Product Overview    | Over-expression cells lysed in RIPA buffer and lysate supplied in SDS loading buffer     |
| Species             | Human                                                                                    |
| Source              | HEK293                                                                                   |
| Molecular Mass      | 52641.67Da                                                                               |
| Recommended Usage   | WB                                                                                       |
| Storage Instruction | Maintain refrigerated at 2-8°C for up to 6 months. For long term storage store at -20°C. |

### GENE INFORMATION

|                 |                                                                                                |
|-----------------|------------------------------------------------------------------------------------------------|
| Gene Name       | ZNF829 zinc finger protein 829 [ Homo sapiens ]                                                |
| Official Symbol | ZNF829                                                                                         |
| Synonyms        | ZNF829; zinc finger protein 829; DKFZp779O175; FLJ27459; MGC129866; MGC129867; DKFZp686K21248; |
| Gene ID         | 374899                                                                                         |
| mRNA Refseq     | NM_001037232                                                                                   |

|                     |                                                   |
|---------------------|---------------------------------------------------|
| Protein Refseq      | NP_001032309                                      |
| UniProt ID          | Q3KNS6                                            |
| Chromosome Location | 19q13.12                                          |
| Function            | DNA binding; metal ion binding; zinc ion binding; |
