

# Recombinant SARS Associated Coronavirus Spike mosaic S(N) Protein

Cat. No. S(N)-481V Lot. No. (See product label)

## SPECIFICATION

|                         |                                                                                                                                                    |
|-------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant SARS Associated Coronavirus Spike mosaic S(N) Protein immunodominant regions, was produced in E. coli.                                 |
| <b>Species</b>          | SARS                                                                                                                                               |
| <b>Source</b>           | E.coli                                                                                                                                             |
| <b>Applications</b>     | ELISA, WB, Flow-Through                                                                                                                            |
| <b>Stability</b>        | The product will be expired one year after receiving if stored properly.                                                                           |
| <b>Storage</b>          | Keep it at 4°C if used within a month. For long term storage, split it into small aliquots and keep at -80°C. Avoid repeated freezing and thawing. |
| <b>Warning</b>          | For research use only, not for use in diagnostic procedures.                                                                                       |

## GENE INFORMATION

|                        |                                                 |
|------------------------|-------------------------------------------------|
| <b>Official Symbol</b> | S(N)                                            |
| <b>Synonyms</b>        | S(N); Associated Coronavirus Spike mosaic S(N); |
