

# Recombinant *Staphylococcus saprophyticus* subsp. *saprophyticus* ATCC 15305 SSP\_RS04340 protein, His-tagged

**Cat. No.** SSP-RS04340-0182S    **Lot. No.** (See product label)

## SPECIFICATION

|                         |                                                                                                                                                         |
|-------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Product Overview</b> | Recombinant <i>Staphylococcus saprophyticus</i> subsp. <i>saprophyticus</i> ATCC 15305 SSP_RS04340 full length or partial length protein was expressed. |
| <b>Species</b>          | <i>Staphylococcus</i>                                                                                                                                   |
| <b>Source</b>           | E.Coli/Yeast                                                                                                                                            |
| <b>Form</b>             | Liquid or lyophilized powder                                                                                                                            |
| <b>Endotoxin</b>        | < 1.0 EU per µg of the protein as determined by the LAL method.                                                                                         |
| <b>Purity</b>           | > 80% by SDS-PAGE                                                                                                                                       |
| <b>Notes</b>            | This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.                        |
| <b>Storage</b>          | Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.                                                                     |
| <b>Storage buffer</b>   | PBS buffer                                                                                                                                              |

## GENE INFORMATION

|                  |                                                                                                                                            |
|------------------|--------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene Name</b> | SSP_RS04340 sodium-dependent dicarboxylate transporter SdcS [ <i>Staphylococcus saprophyticus</i> subsp. <i>saprophyticus</i> ATCC 15305 ] |
