

## Recombinant Staphylococcus aureus (strain: MS4, nat-host: Homo sapiens) NI36\_RS09255 protein, His-tagged

Cat. No. NI36-RS09255-1121S Lot. No. (See product label)

### SPECIFICATION

|                  |                                                                                                                                           |
|------------------|-------------------------------------------------------------------------------------------------------------------------------------------|
| Product Overview | Recombinant Staphylococcus aureus (strain: MS4, nat-host: Homo sapiens) NI36_RS09255 full length or partial length protein was expressed. |
| Species          | Staphylococcus                                                                                                                            |
| Source           | E.Coli/Yeast                                                                                                                              |
| Form             | Liquid or lyophilized powder                                                                                                              |
| Endotoxin        | < 1.0 EU per µg of the protein as determined by the LAL method.                                                                           |
| Purity           | > 80% by SDS-PAGE                                                                                                                         |
| Notes            | This item requires custom production and lead time is between 5-9 weeks. We can custom produce according to your specifications.          |
| Storage          | Store it at +4 °C for short term. For long term storage, store it at -20 °C~-80 °C.                                                       |
| Storage buffer   | PBS buffer                                                                                                                                |

### GENE INFORMATION

|           |                                                                         |
|-----------|-------------------------------------------------------------------------|
| Gene Name | NI36_RS09255 formate--tetrahydrofolate ligase [ Staphylococcus aureus ] |
|-----------|-------------------------------------------------------------------------|
