

Accelerate Your Research with Our R-PE Labeled BCMA/TN- FRSF17 Protein

Belonging to the TNF-Receptor superfamily, TNFRSF17 plays a critical role in B cell development and autoimmune response. It's an exclusive biomarker for mature B cells and also has significant relevance in multiple myeloma research. Our recombinant r-PE labeled BCMA/TNFRSF17 protein opens a world of possibilities in the pursuit of new medical treatments and breakthroughs.

Advantages

- Multiple tags & species
- Verified bioactivity & affinity.
- High stability
- Low immunogenicity

- Low Endotoxin
- High yield
- High purity
- Batch consistency
- Strong specificity

- Animal-free
- Beta-lactam antibiotics free
- In stock
- Global delivery

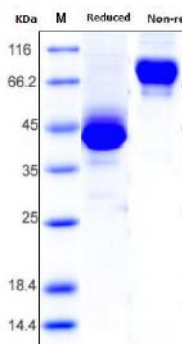

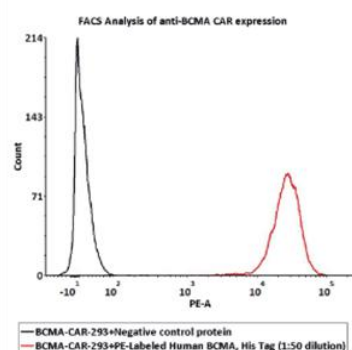

Creative BioMart is a professional protein supplier. We provide our customers with high-quality recombinant TNFRSF17/BCMA proteins, lysates, GMP-grade protein, TNFRSF17/BCMA pre-coupled magnetic beads, and so on. We guarantee the product quality and excellent after-sales service. Please contact us for product details.

Applications

Our recombinant r-PE labeled TNFRSF17 protein is suitable for various applications including:

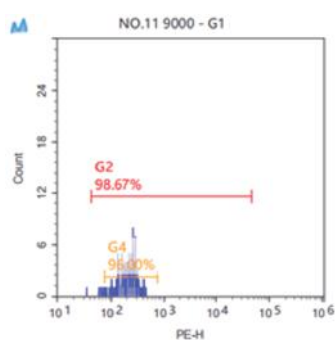

- B cell biology research
- Immune response simulations
- Small molecule screening
- Antibody development
- CAR T-Cell Therapeutic Research

Case Study and Bioactivity Assay

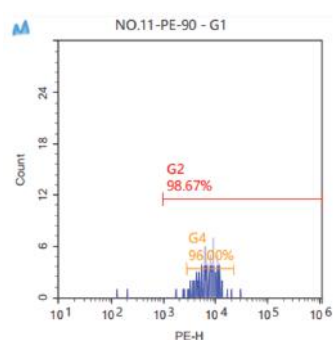

Bioactivity-FACS of TNFRSF17-223HP

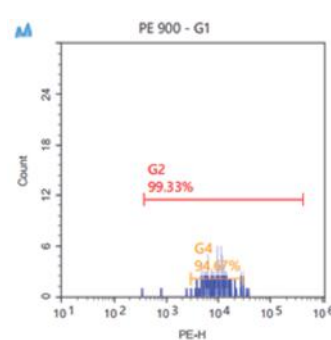

SDS-PAGE (Cat. No. TNFRSF17-2348H)

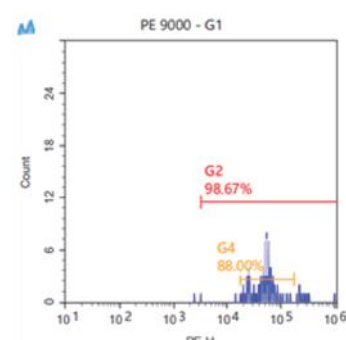

90ng/ml BCMA
(Cat. No. TNFRSF17-2348H)

90ng/ml PE-BCMA
(Cat. No. TNFRSF17-2348HP)

900ng/ml PE-BCMA
(Cat. No. TNFRSF17-2348HP)

9000ng/ml PE-BCMA
(Cat. No. TNFRSF17-2348HP)

Featured Product

| Cat. No. | Identity | Species | Source | Tag | Price |
|-----------------|----------|---------|--------|----------------------|---|
| TNFRSF17-1817HP | TNFRSF17 | Human | HEK293 | Fc, R-PE labeled | \$1,298.00 / 50ug \$1,898.00 / 100ug |
| TNFRSF17-223HP | TNFRSF17 | Human | HEK293 | His, PE labeled | \$1,298.00 / 50ug \$1,898.00 / 100ug |
| TNFRSF17-2348HP | TNFRSF17 | Human | HEK293 | Fc/His, R-PE labeled | \$298/10ug \$1,298.00 / 50ug \$1,898.00 / 100ug |
| TNFRSF17-2348H | TNFRSF17 | Human | HEK293 | Fc/His | \$398/50ug |
